ADMINISTRATOR NEWSLETTER

April 25, 2018

Dear residents, family members and friends,

We are happy to inform you that the replacement of the floor covering in the Gentle care home area is now completed. We want to thank the residents and the family members for their cooperation during this project.

Please note that the Dietary and Recreation departments are thrilled to be holding the Lobster Fest again this year for residents and family members. The event will be held in May. The date is to be confirmed. Family members have the option to eat a lobster meal for the cost of \$25. The meal is free for the resident. However, people have to reserve their seat in advance. For more information please contact Jillian Bourbonnais at extension 5090.

We are also thrilled to inform that the Province of Ontario recently announced that they will provide funding for 5,000 new long-term care beds over the next four years and an additional 30,000 long-term care beds over the next decade. The government will also be funding an additional 15 million more hours of nursing, personal support and therapeutic care every year for long-term care residents. The average of direct care per resident, per day will increase to four hours. This is the best news we have received from the government in numerous years.

In closing we wish you a great spring and hopefully you will be able to enjoy some beautiful sunshine in our main Garden.

Yours truly,

Gaetan Grondin, Administrator
